

RIPLEY COUNTY HEALTH DEPT

Our office offers many services- some of which are outlined to the right. The nursing division offers immunizations, pregnancy tests, TB Tests, lead tests, blood pressure & blood sugar checks. The environmental division monitors septic systems, food services, and any housing complaints. The Maternal-Child Health division offers safe sleep classes and car seats. The Vital Records division manages all Ripley County birth and death records. The harm reduction division offers Sharps exchange and naloxone. The school CoAg division helps promote healthy lifestyles in the schools and with the families of Ripley County. For more information, visit our website or stop by our office!
